

BRIGHTWAY CLEANING

CANGNAN BRIGHTWAY CLEANING PRODUCTS CO.,LTD.

COTTON WET MOPS

cotton wet mops

Wet mops made with cotton yarn are popular because of their low initial cost, limited shrinkage and great absorption.

- Highest quality mop available for standard mopping.
- Mops are pre-laundered and pre-shrunk.
- Mops colors are available.

MICROFIBER WET MOPS

microfiber wet mops

What is microfiber?

Microfiber is very fine synthetic fiber composed of 80% polyester & 20% polyamide 100x finer than human hair. The fibers are split to create microscopic hooks and increase absorbency.

- Positively charged microfibers attract negatively charged dust.
- Excellent absorbing power pulls liquid away from surfaces.
- Dry faster than traditional blend mops, reducing time in the dryer and energy costs.
- Fantail style provides wide surface span and even coverage.
- Launderable.
